## One Bedroom Villa Layout

Step inside our one-bedroom villa and experience secluded comfort.

The lodge building is a long, single-story structure with a prominent white, curved roof that extends over the entire length of the building. The exterior walls are a mix of light-colored stone or concrete and dark wood paneling. A decorative band with a repeating geometric pattern runs along the top of the wood-paneled sections. Large glass windows and doors provide a clear view into the interior, which is furnished with contemporary decor, including sofas, dining tables, and beds. In the foreground, a rectangular swimming pool is set on a stone deck, with four lounge chairs and a small fire pit nearby. The building is surrounded by tall grass and several large, mature trees, creating a serene and natural setting.

# Two Bedroom Villa
